

Dear All,

As part of UKA's response to the BBM Olympic 380 amnesty we have managed to place a suitable Imitation handgun at various athletics stadiums across the UK. The gun is available for use at that stadium by a UKA Technical Official or school teacher officiating at a recognised event. You can gain access to the handgun by contacting the venue direct and making personal arrangements with the nominated person. It must be returned to the nominated person or an arranged deputy at the end of each day of the meeting. Under no circumstances should it be removed from the venue.

You will need to supply your own ammunition. The handgun takes the standard 9mm commercial ammunition.

Whilst UKA and the venue will assist in providing the handgun we can take no responsibility for the safety of its usage and all users **MUST** ensure that it is only used in accordance with normal safe procedures.

Stadium	Nominated Person
Sportcity , Manchester	David Brown
Alexander Stadium, Birmingham	Matt Brown
Gateshead International Stadium	Richard Howe
Loughborough University	Louise Davies
Bedford International Stadium	Charlotte Conroy
Cardiff International Stadium	Steve Brace

Any problems give me a call.

Regards

David
